

Snelling Wins Best of Staffing Client and Talent Awards - 2016

Categories : [PRESS RELEASES](#)

Date : February 23, 2016

Next Sunday, Feb. 28, the Oscars will take up its annual residence at the Dolby Theater in Hollywood, California. While the winners for this 88th annual ceremony will not be announced until then, we at Snelling are already celebrating.

That's because we have already won! In 2 categories!

We are super pleased to announce that we are the winners of [Inavero's Best of Staffing® Client and Talent Awards](#). We made it to the stage by providing superior service to our clients and job seekers.

Like Oscar winners, we are in elite company. This award is the only one in the nation that recognizes staffing agencies that receive "remarkable" reviews from their clients and the job seekers they serve. This equates to only 2% of all staffing firms (in the U.S. and Canada) earning recognition for service excellence, so thank you for your reviews and nominations.

But this is not the end. We plan to do bigger and better things in the future, so we want your continued feedback. If you have an idea for something we can do better, [just let us know](#). We would love hear from you!
